Global thinkers act locally.

Bernard and Barbro Osher think globally.

For almost 30 years, Bernard Osher owned Butterfield & Butterfield, one of the largest auction houses in the world. He also served as founding director of World Savings.

The Honorable Barbro Osher is the Consul General of Sweden in San Francisco.

Together, the Oshers support projects worldwide through the Bernard Osher Foundation, the Bernard Osher Jewish Philanthropies Fund, and the Barbro Osher Pro Suecia Foundation, supporting Swedish cultural and educational projects in North America and Sweden.

At UC Santa Cruz, the Oshers support students.

In addition to educating more than 600 adult students through UCSC’s Osher Lifelong Learning Institute, the Oshers have distributed 20 $5,000 scholarships to UCSC re-entry undergraduates who have returned to earn their degrees.

This year, the Oshers donated more than $1 million to UCSC students who have often triumphed over adversity.

The UCSC community is grateful to the Oshers for their generous contributions. Philanthropists like the Oshers make it possible for UCSC to support 60 percent of its undergraduates with scholarships and other forms of financial aid.

Thanks to the Oshers and others who share their passion for education, the most deserving students at UCSC are gaining the education they need to solve the world’s problems.

Gifts that support UCSC students are gifts that change the world.

Educating the Green Generation

Environmental studies majors at UCSC develop expertise in multiple disciplines to tackle the globe’s ecological challenges.

Supernova Sage

Stan Woosley, one of the world’s leading theoretical astrophysicists, studies the evolution of massive stars—and their explosive demise.

The Changing Face of the Humanities

In a world dominated by science and technology, Dean Georges Van Den Abbeele says the humanities are more relevant than ever.

A Legacy of Success

Two pioneering programs at UCSC are preparing minority students on campus to lead in the nation’s science labs and classrooms.
